

## IPP Operations, LLC

### **Company Counterfeit Material Policy**

#### **Policy Statement:**

IPP Operations, LLC, is committed to preventing the introduction of counterfeit materials into its products. IPP uses purchasing controls to procure material that are manufactured by the original component manufacturer and purchased through their authorized distributors. These controls may include surveys, product inspections, vendor visits, qualification testing, approved vendor list and risk assessments.

#### **Definition:**

Counterfeit materials are imitations of genuine products, manufactured and distributed without authorization, intended to deceive consumers into believing they are produced by the original manufacturer. The counterfeit parts are often of lower quality. Counterfeit materials are copies or substitutions of genuine products, made without the legal right or authority of the original manufacturer.

#### **Compliance:**

IPP provides a Certificate of Conformance (C-of-C) with every shipment that includes our name, address, part number, description of product, lot number or serial number certifying that the items being received are manufactured by IPP Operations, LLC.
